Legion Post Sets Fashion Show Friday; Dig Those Crazy Ties, Socks!

Because of complaints from members who say that they did not have time enough to assess the beauties of their ties and socks and other classifications for which prizes are awarded for ties and socks received as Christmas presents, Albany Post No. 292's annual Necktie and Sock night was held over until the post meeting of January 19, in the Albany Veterans Memorial Building, starting at 8 p.m.

On Friday evening, Post members will turn out in a dazzling display of neckwear and footwear they received for Christmas from loved ones and well meaning friends.

Committee chairman Fred McCollum and Commander Frank McLaughlin are soliciting the community for Beau Brummels to risk their eyes and reputations to judge the array of beauty and art of the contestants in this annual affair.

On the serious side of Commander McLaughlin's agenda is the counting of the membership roll in the membership contest with Berkeley Post No. 7 in which the losing post had to banquet the dinners in March. At the last count Walter Ellis, Albany's membership chairman, was behind by 60 eligible veterans. The post has until February 28 to win.

A PAIR OF UNOCCUPIED BOOTS was discovered by Albany Police Officer Jim Harris at 1:38 a.m. January 4 on the sidewalk in front of 721 Buchanan. The person who walked out of them may have same by identifying them at the police station. According to reports, they are "beautiful."

Want Some Mice? Aw, Please!

Director Nell Curran is having multiplication troubles at Albany Pre-School, 850 Masonic. Every time she looks in the cage, it seems, the school's white mice have increased in number.

The school started with two because the mothers thought the children would enjoy watching them. When the family increased to eight, one of the pre-school mothers took them and returned what she was almost sure were two mice of the same sex. Apparently her guess was wrong because new babies have been appearing with shocking regularity.

Mrs. Curran is a very tender hearted individual and doesn't want to do away with the mice, but the pet store doesn't want any more and the Pre-School director doesn't know where to turn.

So we're trying to help her. Want some nice white mice? Just drop around to the school with a suitable container. Please!

THANKS FOR WRITING!

Editor, The Times:
Mr. and Mrs. Elmer Jacobson, Yu'e Sweepstakes winners in the 1961 Ellis Olson Mortuary and Albany Times Christmas Decorating Contest, wish to publicly extend our sincere thanks to the sponsors of this most successful event.

At this time we welcome the opportunity to thank the judges for contributing their assistance to the contest.

We traveled the Christmas trail after the winners were announced and want to compliment the other winners and contestants who put forth their efforts to make Albany an outstanding community during the Yuletide season.

We realize the enormous task the sponsors of such a project must encounter to succeed in their endeavors. They give willingly and generously of their time, money, and energy to promote this annual event. A lively interest and cooperation of more entries will go far to stimulate the desire of the sponsors to continue to keep the Albany trail bright in future years.

Many thanks again to the personnel of the Ellis Olson Mortuary and the Albany Times for the community spirit they have created and a Happy and Peaceful New Year to all.

Elmer & Marge Jacobson
924 Curtis St., Albany

(The following letter is being reprinted in this week's issue of the Times because it was almost impossible to read Jan. 3, Ed.)
Editor, The Times:
"How Do You Feel About ACLU Intervention?"

The question makes one wonder and feel, "do we live in the peaceful city of Albany or the Eastern half of Berlin, Germany?"

We have been residents of this city for 35 years, our children grew up in this city and attended the schools, we are members of one of the oldest established

churches in the city. Through all these years there was never any question whether the Manger scene should or should not be displayed on city property or financed out of public funds, guess everyone just expected to see the Manger scene at Christmas.

The person who quote "doesn't agree with forcing religion on people" evidently forgot that this country was founded on freedom of religion. That there are millions of Christians who would welcome the Manger scene in their foreign cities, but do not dare to mention the name of Christ.

The ACLU is a minority group, always will be unless we, the people bow to them and their crackpot ideas.

We feel that the few who think that Christ can be taken out of Christmas, will finally come to realize that without Him, they are as a grain of sand caught up in a whirlwind.

Mr. and Mrs. R. E. Swan

Editor, The Times:

I miss getting the Times since I moved these few blocks over the Berkeley line. What provision, if any, is there which would enable me to get it? My news bulletin board at school will miss it, too, if I am not able to receive it.

And don't tell me I shouldn't have moved out of the city; I tried to stay in Albany, but didn't find a cottage that suited my needs.

I am writing to tell the police department my appreciation of its prompt and efficient service any time I had occasion to call on it. Also to express to the Chamber of Commerce, City Council, or to whom it may concern, that I liked those misty morning trees as I drove down San Pablo to school each morning. They gave a realistic atmosphere of Christmas far more in true spirit than the gaudy more colorful kind.

And thanks to whom ever is responsible for the creche again this year. It belongs there. Let's keep it.

Vineta I. Bear
1714 1/2 10th St., Berk.

(The Albany Times is available by subscription at \$4 per year. Ed.)

Editor, The Times:

After reading the letters, in the Times (Jan. 3), discussing the expenditure of Tax money to support displays of material primarily religious in nature, specifically the Christmas Nativity scene, this came to mind. That the display usually set up by the city of Albany in the past, even those of the major churches in Albany, match in no way the display in front of Flowerland Nursery.

The controversy is mild indeed compared to that raised by the Federal Government's usage of our tax money to build monster weapons, on the one hand, and on the other, to display hundreds of brightly lit Christmas trees, symbols of Christian love (?), along the border between West and East Berlin.

State Farm Offers Insurance Cost

Cut to Top Students

State Farm Mutual Auto Insurance Company has announced that a single male student can now earn a 20 per cent discount on automobile insurance because of good grades.

Times advertisers who are offering the Good Student Discount Plan include V. Hank Perala, 1110 Solano Avenue; F. F. Foster, 1089 Nielson Street; Ed Apelt and Ed Herrnsteing, both of 1331 Solano Avenue, and Dave Schiller, who lives at 908 Pomona and has offices at 1527 Shattuck in Berkeley.

Unmarried young men between the ages of 16 and 25 who spend time on homework will be on the highways less, thus reducing exposure to traffic dangers, State Farm believes. This age group of drivers now pays the nation's highest automobile insurance rate. The plan applies only to males in 11th grade or above. Young women drivers already pay much less than young males.

Full-time students of high schools, junior colleges, colleges and universities will qualify for the reduction if they meet any one of the following conditions: rank in the top 20 per cent of their class; have a "B" average or better or a 3.0 grade average based on a 4.0 scale, or are on the Dean's List, Honor Roll or similar scholastic list.

A card for school officials to sign, verifying the applicant's scholastic standing, may be obtained from State Farm Auto representatives.

The plan is being introduced in California and is expected to be offered in other states in the near future.

N. P. Reckas, who is in charge of the fashion show for the March of Dimes next Wednesday night, has announced that everyone connected with the show is expected at a dress rehearsal at 1 p.m. Sunday afternoon, January 21, at Cornell School auditorium.

"It is important that everyone attend this rehearsal," Reckas said.

Albany Bowl Participating in Dimes Tourney

The ninth annual Handicap Bowling Tournament for the March of Dimes is currently underway at Albany Bowl and in many other alleys in Alameda County. William Lacy, manager of the Albany Bowl, has announced

Sponsored by the County Men's Bowling Association and the Alameda County Women's Bowling Association, the tournament last year netted more than \$3,600 for the Alameda County March of Dimes.

Albany Bowl's last year's entry of 1,037 participants was second largest in the county. Entries for the first week of 1962 are 705, which is between 150 and 200 ahead of last year.

Last year, 10,549 Alameda County bowlers participated.

Annual Legion Dimes Night

Plans for the Annual Night of Basketball sponsored by Albany Legion, No. 292, American Legion, the Albany March of Dimes committee are being rapidly formulated, according to Alvin Droz, general chairman of the 1962 event.

The date has been set for Saturday, February 3, in the Albany High School gymnasium. With cooperation of the Albany Recreation Department, students of faculty of Marin and Cornell Community schools, the Basketball Championship game of the Albany

Albany TAPS Will Sell Chips January 19-20

Their appeal — "Chip in for the March of Dimes" — Albany teen-agers will sell bags of potato chips in the local business section Friday and Saturday, January 19 and 20 to benefit the current countywide Dimes drive.

All funds from the street corner sales will be turned over to Alameda County Chapter, National Foundation, to help underwrite its program of research and patient care for victims of birth defects, arthritis, and paralytic polio. The "Chip in for the March of Dimes" project will be conducted in every community of the county simultaneously.

Known as "TAPS", the youth group is directed by Mrs. Ted McCain of Albany, city adult adviser for the project. Key teenage figures will be students of Albany High School, Mrs. McCain said, led by Jo Ann Damonte and Steve Thomas.

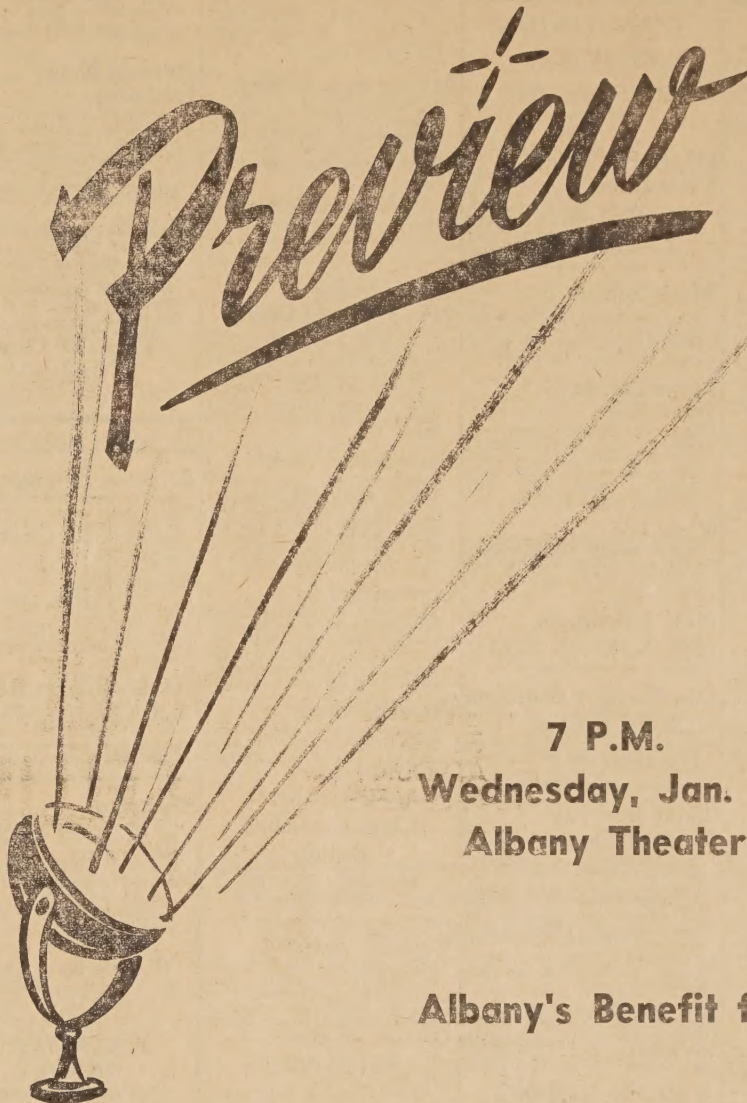

Major fund raising event of the current March of Dimes drive will be the traditional "Mothers March" the night of Tuesday, January 30. Mrs. Jack Murrow and Mrs. Bernard Johnson are Albany co-chairmen of the event, with Mrs. Donald Breed of Piedmont as county chairman.

Now at its halfway mark, the Dimes drive is moving "slowly" — but we hope surely — toward its \$220,950 county goal, according to the county campaign director, Oakland Judge James S. Blaine. Part of funds raised will be used to help maintain a new East Bay special treatment center for local children suffering from birth defects.

bany Grammar Schools will take place between these two schools. Another stellar attraction is the girls' game between Albany High School Cougarettes and El Cerrito High School Marquettes. The game is being arranged by the athletic directors of the Albany and El Cerrito High Schools.

Milton Porter, chairman of the Albany March of Dimes, is arranging for a group of professional football players from the San Francisco Forty Niners and the Oakland Raiders to take the basketball court against an all-star team made up of Albany High School alumni.

OUR SATISFIED CUSTOMERS

TO WHOM IT MAY CONCERN:
We are writing this as a well-deserved testi-
monial to the Albany and Thousand Oaks Times
as an effective advertising medium.
Our recent opening at 1400 Solano Avenue re-
sulted in the biggest turnout of our children
officials in the Bay Area, according to
statistics of the company. We were flooded
with requests printed in the Times etc. The re-
sponse was so great on Sunday that we had to
look the door for a while.
Our first week was so successful that our child-
ren's summer was not able to keep up supplied
with sufficient children.
As you can imagine, we are "sold" on the value
of advertising in the Albany and Thousand Oaks
Times.

Why it's more costly to be cozy right now!

Now that the hibernating season is here, the bear fact is that you spend
more time indoors. Longer nights, darker days, colder weather means you
use more lights and heat, cook more hot meals, watch more TV. And you've
probably added more appliances, too. So it's perfectly normal for your
PG&E bill to be a little bigger these days. But doesn't it make it a little more
bearable...when you know that the price of PG&E gas and electricity for a
typical home is 8% less than it was 30 years ago!

Letter to Editor

Editor, The Times:

Reference is made to your edition of January 3, wherein several subjects of importance to the people of Albany and involving the California State Legislature are discussed.

"Report to the City of Albany by Assemblyman Don Mulford on the status of projects involving the City of Albany and the California State Legislature."

1. Emergency funds for the Albany Unified School District: This problem has been the subject of continuing legislative action by me since I first learned of it. Efforts to obtain legislative approval of additional funds have been consistently defeated by the position of the State Department of Finance that to allow such funds would be "opening Pandora's box" to in lieu tax requests from many sources.

In spite of this I was able to obtain approval of legislation to provide these funds in the Assembly, only to again go down to defeat in the Senate Finance Committee when the State Department of Finance registered strong disapproval.

I am very pleased that Assemblyman Rumsford and Superintendent of Schools Kenneth Forry met with the Department of Finance last week. Every avenue should be explored.

As a member of the Revenue and Taxation Committee I attended a meeting on this subject two weeks ago. At that time I publicly stated that I was arranging a meeting with State Senator George Miller, the new Chairman of the Senate Finance Committee, to see if any possibility existed for a change of policy in that committee. I will report on that meeting as soon as the Senator is available.

2. University Village Problem. The same reason for refusal to approve additional funds as set forth in my discussion of the School District problem has been expressed by the State Department of Finance in response to the City of Albany's request for additional funds to ease the tax burden imposed on the city by the University of California student housing project. I have previously introduced legislation on behalf of the city of Albany in an attempt to obtain payment for services rendered as a different approach to the problem, although these measures have been defeated in the Legislature on the basis that they too would open "Pandora's box" to other communities to seek in lieu taxes.

3. The redistricting of the area which will place Albany in the 17th Assembly District as of January 1, 1963, will make it possible for Assemblyman Rumsford and myself to continue to work in behalf of Albany's problems. However, as I still represent the District, I welcome inquiries concerning legislative problems in Albany.

4. As co-author with Assemblyman Rumsford of the new State law eliminating state sales tax on prescription drugs, I am de-

lighted that this measure has become effective as it will save a substantial amount of money to the taxpayers of California who purchase prescription drugs.

5. The 1962 session of the California State Legislature will convene on February 5 for the purpose of considering the budget for the current fiscal year. I hope that the citizens of Albany will

come to Sacramento and see the Legislature in session. Albany has serious problems and public opinion is one of the strongest levers to help solve them. I invite inquiries pertaining to leg-

islative problems to be addressed to my legislative office, 2150 Franklin Street, Oakland 12. DON MULFORD Assemblyman, 18th Assembly District
